In the words of our Maths Ambassador- Jacob McAndrew

“I have a passion for Maths.

As the Maths Ambassador my main aims to achieve are:

- Inspiring and mentoring younger students
- Displaying and conveying the uses and opportunities that maths brings
- Being a conduit between staff and pupils to help both improve the students’ relationship with maths, but also to help staff gain feedback on vital parts of the maths curriculum
- I will help students have a confident relationship with maths, display a great effort, and ensure the pupil voice is heard by those who can make a difference”.

Jacob is currently running Year 10 Higher Numeracy revision on a Tuesday lunchtime and Year 11 Higher Maths revision on a Thursday lunchtime in D15A.
